

— Tech Confy Presents —

AI Connect - 2026

An International Conference

 27 JULY 2026 |  Online

Global Experts

Innovative Insights

Networking Opportunities

Future-Driven Discussions

— JOIN US TO SHAPE THE FUTURE WITH AI —

 contact@techconfy.com

09:00-09:10 Welcome & Introduction to AI Connect by

Plenary-Keynotes Session AI Vision & Future Innovation

09:10-09:50 **Tahnee Perry**, *AI Advisor, Educator & Speaker, USA*

The Buyer Journey for the AI-Native Era

09:50-10:30 **Stevie Rhim**, *Co-Founder & President Mach-AI, USA SA*

Building AI-Powered Decision Intelligence Platforms: From Concept to Production

10:30-10:40

Break

Session 1 — AI for Society, Media & Digital Transformation

10:40-11:10 **Mina G. G. Helkany**, *Group Head of Data Science Trolley, Kuwait & KSA*

Deploying AI Agents in Real Business Operations (From Data to Decisions)

11:10-11:40 **Olena Kasian**, *PhD Researcher, Sumy State University (SSU), Ukraine Founder*

AI-Driven Digital Marketplaces in Tourism: Enhancing Accessibility for the Silver Economy

11:40-12:10 **Daniela Schulz**, *Senior Editor Deutsche Welle (DW), Berlin*

No Culture, No AI: Lessons from Implementing Responsible AI in Media and Storytelling

12:10-12:40 **Dan Healy**, *Founder Head of Strategy, Research & AI WH5 Consulting, London, UK*

LAI Experiment to be Human: Predicting Behavior Beyond Traditional Research

12:40-12:50

Break

Session 2 — AI Deployment & Production Systems

12:50-13:20 **Okechukwu Nicholas**, *Solutions Architect University of Wolverhampton – AI*

Researcher, UK

Building Safe AI: From Principles to Real-World Systems

13:20-13:50 **InChan Hwang**, *Assistant Professor of Data Science & Cybersecurity Montreat*

College, USA

Impact of Multi-Source Data Augmentation on CNN Performance for Abnormality Classification in Mammography

13:50-14:20

Break

Session 3 — Autonomous AI & Decision Intelligence

14:20-14:50 **Scott Askinosie**, *AI Systems Architect Ph.D. in Quantitative Biology, USA*

ContextasIntelligence: Engineering Autonomous Systems for the Next Wave of AI

14:50-15:20 **Jacob Yates**, *Data Scientist & ML Engineer University of Roehampton (MSc Data*

Science), UK

AI in Action: Enhancing Classroom Experience

15:20-15:50 **Francisco Vidal Ureta**, *Principal Data Scientist & AI Strategist Puerto San Antonio*

Founder xSingular, Chile

Decision Intelligence: Leveraging Autonomous Agents and Simulations for Strategic Certainty

15:50-16:00

Break

Session 4 — AI in Education & Business Innovation

16:00-16:30

Olger Huamani Jordan, *RENACYT Researcher Professor, Faculty of Education
Universidad Nacional Federico Villarreal, Lima, Peru*

Adaptive Intelligence in Education: Applying Machine Learning to Transform Teaching and Learning Systems

16:30-17:00

Tiago Albineli Motta, *Principal Software Engineer Will Bank, Brazil*

Turning Credit Rejections into Active

17:00-17:10

End of the Conference
